## 2019 Summer Activities

This summer we are all about FUN! Our summer program goal is to have every sailor who steps through our doors to gain a love for sailing. Whether they want to have fun with their friends or race competitively, we have a program for everyone! Through our programs, sailors will learn a sense of leadership, commitment, sportsmanship and passion for the water and sailing. We understand that every sailor learns best in a positive environment and strive to have every sailor leave with a positive memory of camp and sailing.

## Year-Round Practice

Year round practice is every Saturday & Sunday from 9am to 4pm. Optis practice on Saturday, Laser and 420 practice on Sunday. After Daylight saving in March we will also provide Thursday and Friday afterschool practice.

## Spring Break Fun Camp

Summer Fun Camps are an opportunity for the group of kids to explore other water sport activities. Similar to the summer fun camp, the kids will get to choose between Sailing, Paddle Boarding, Kayaking, and Fishing. These camps provide a fun introduction to sailing and water sports.

## HYC Overnight Camp

During Overnight camp the sailors get to explore sailing several different types of boats including 420s, lasers and sunfish. When they are not on the water they are enjoying movie night, games night, pool parties, crafts and so much more.

## Summer Fun Camps

Summer Fun Camps are an opportunity for the group of kids to explore other water sport activities. Similar to the spring break camp, the kids will get to choose between Sailing, Paddle Boarding, Kayaking, and Fishing. These camps provide a fun introduction to sailing and water sports.

## Opti Day Camp

Opti Day camp is open to all skill levels of sailors from complete novice to advance. During the week the sailors will be split into their skill level.

Mini sailors are beginner sailors ages 5-7; Orange sailors are beginner sailors ages 8 and above. During this day camp we will cover basic boat and sailing terminology, water safety and work on becoming comfortable and excited about being on the water. The two age groups will be separate during chalk talks and on the water training.

Green fleet sailors are beginner racers. During this day camp we will focus on boat handling, racing skills and the rules of the road. Our entire group of sailors will work out together in the morning but then will be separated for chalk talks and on the water training.

RWB fleet sailors are intermediate and advanced opti sailors. We will focus on advanced boat handling as well as advanced race technique.
